

Product Solution Engineer

About Juspay

Juspay is a leading multinational payments technology company, powering superior conversion rates, seamless customer experiences, cost optimization, and fraud reduction at scale for 500+ top global enterprises and banks. Founded in 2012, the company processes over 300 million daily transactions, exceeding an annualized total payment volume (TPV) of \$1 trillion with 99.999% reliability. Headquartered in Bangalore, India, Juspay's global network of 1200+ payment experts operates across San Francisco, Dublin, São Paulo, and Singapore.

Juspay offers a modular and interoperable product suite for merchants that includes open-source payment orchestration, seamless authentication, payment tokenization, fraud & risk management, global payouts, end-to-end reconciliation, unified payment analytics, and more. For banks, Juspay's offerings include end-to-end white label payment gateway solutions & real-time payments infrastructure.
